

CHARLES DARWIN RESERVE, PERENJORI WA

# BLUES FOR THE BUSH

CONCERT & OPEN DAY

## Directions to Charles Darwin Reserve & Blues for the Bush From Perth via Wubin

Allow yourself 4.5 - 5hrs to drive from Perth to Charles Darwin Reserve. The reserve is approx. 390km North East of Perth. These directions are from the junction of Roe Hwy and Great Northern Hwy in Middle Swan..

Head North out of Perth on the **Great Northern Highway** After about **60km** you will pass through Bindoon (there is a great little Bakery here to stock up on goodies for the journey) continue straight through town keeping on the same Hwy. A further **50km** on you will reach the historic township of New Norcia, again continue through town on this Hwy. **190km** from New Norcia (you will pass through Walebing, Bindi Bindi, Miling, Pithara and Dalwallinu) you will reach Wubin.

Wubin and Dalwallinu are your last stops for fuel and food (unless you travel via Perenjori). At Wubin you will turn right towards Paynes Find and Mount Magnet (you can travel via the Perenjori way however this will add an extra **60km** on). Look for the signs for Blues for the Bush. Travel along the **Great Northern Highway** towards Paynes Find for approximately **80km**. Keep an eye out for more Blues for the Bush signage.

You will reach an overpass that **Wanarra Rd** runs under. After about **250m** you will be turning left onto **Wanarra Rd**. Look for the Mine Site Sign and the Event On Side Road signage.

On **Wanarra Rd** drive west approximately **15km** and look for the signs for entry into Charles Darwin Reserve and Blues for the Bush. Entry is on your LEFT.
